# Dedication

We the Senior Class of "63", dedicate our annual "Coulee Echoes", to you Mr. Klein. This we feel is only a small way of showing our appreciation for the guidance and understanding we have received from you during our past four years at Mindoro High School. We give special thanks for the assistance you gave us in the planning of our Junior Prom.

We will remember you for your big, wide smile and willingness to help out in all situations. You have always taken an interest in our problems both in and out of class. It is with deep admiration and thankfulness that we dedicate our annual to you.

# Principal's Message

Another year has quickly passed and a new group of young people are donning their caps and gowns. These young people will be going out into life, each to seek out the fortune that life holds. Hopes and expectations all are high. Goals of achievement have been set. The only problem left is to fullfill the goals and to accomplish the achievements that each of you have set before yourself. We, as teachers, can only hope that we have given each of you the background and fundamental education that will be necessary for your needs in the future. The opportunity has been yours to obtain one of the finest educations that can be obtained. If you, as an individual, have taken advantage of these opportunities, there will be little doubt that you can achieve your goals. In time your high school days will become a dimmed memory that you will be able to look back to and recall many incidents. However, the attitudes and characteristics which have been developed over the past eighteen years will be your guiding light in the years to come. I personally take this opportunity to wish all of the seniors, on behalf of the faculty and myself, the best of luck and success in life.
